EXPERIENCE

Full-Stack Software Developer **Jan 2023 - Present**
Migranium platforms inc. **Toronto, CA**

- Developed and maintained a robust web application that served over 5,000 active users monthly, ensuring 99.9% uptime.
- Collaborated with a team of 5 developers, designers and Project managers to migrate the application to a microservices architecture, improving system scalability and reducing server costs by 15%.
- Optimized the database queries, reducing data retrieval times by 40%, resulting in faster load times and improved user experience.
- Integrated third-party APIs to enhance functionality, leading to a 50% increase in the application's feature set.

Full-Stack Software Developer **Aug 2021 - Nov 2022**
CSDC Inc. **Lagos, NG**

- Led a 5-member frontend unit of the software engineering team to successfully deliver a ₦330M worth contract for FHA, automating business processes and generating a 10% increase of the client revenue.
- Rebuilt the company's official [website](#) significantly enhance customer conversion rates, resulting in a notable increase in actual customer acquisition by 20%.
- Collaborated in pair-programming sessions to diagnose and resolve critical bugs within the FHA back-office ERP software, resulting in a 13% decrease in potential service disruptions and ensuring uninterrupted operations.

PROJECTS

FHA-back-Office (Federal Housing Authority). Built front-end user interfaces and API's to automate entire business process in FHA's Human Resources, Real Estate Services, and Finance departments.

BDA (Bennett Design Associates) Survey Application. Developed a software with automated client surveys, project tracking, a report feature, and event scheduling for efficient project management to automate Client-Admin business processes.

Footy Stats R Application. Built a football stats [application](#) that allows users gain insights into the performance metrics of individual football players and teams across a diverse array of categories using R.

LEADERSHIP

NYSC Community Development President **Jan 2022 - Nov 2022**

- Coordinated a charity event for a local primary school, providing books, stationery, and food. We also took the opportunity to engage the students in a chat about the dangers of bullying and taught them basic computer and introductory tech skills.
- Spearheaded a successful volunteer charity outreach event, which not only raised ₦60,000 in donations for a local orphanage but also garnered contributions of clothes, food, toiletries, stationery etc.
